Leaders of 2005

To the Amazing, Extraordinary, and Ridiculously Good Looking Seniors of the Class of 2005,

Top 10 Things I Learned in High School:

10) Don't ever ask a teacher if you can "just do nothing today," it seriously is never going to happen.

9) Wear layers to school. For some strange reason, the classrooms in the math and science wing are exceptionally freezing, while the cafeteria and gymnasium feel like a sauna.

8) Dodge ball: a spirited game with a healthy dose of friendly competition that brings students from all walks of life together... okay, bottom line, hurling rubber balls at friends and even complete strangers just never gets old.

7) A hooded sweatshirts serves many purposes. The obvious one is warmth, but the other great thing about it is that it hides your CD player and headphones beautifully.

6) Mr. Federicci and the entire WHS faculty and administration have caught on to #7 already.

5) If you're late to your first period class, trust me, don't show up slurping a Dunkin' Donuts Dunka-frapa-whatever-chino.

4) If your teacher makes a minor spelling/grammar error, don't point it out to them in front of the class and insult their intelligence, or else you'll be the student that every teacher hates.

3) If your teacher forgets to give you a quiz, don't remind him or her about it, or else you'll be the kid that everybody hates.

2) Pray that the Red Sox make it to the playoffs: homework will significantly decrease because your teachers will be watching the late night games too, telling themselves over and over again like any normal Bo Sox fan, "this year it's going to be different."

AND THE #1 THINGS I LEARNED IN HIGH SCHOOL WAS:

(drum roll)

1) The Class of 2005: without a doubt, greatest class ever in the history of classes to ever pass through the high school, (hey, what can I say, I'm allowed to have a bias).

Congratulations and much love to the Class of 2005! On behalf of the class officers, I want to thank you for an incredible four years here at Westborough High. I look forward to the future, as the expression goes, our class is like a fine wine, we'll just keep getting better with age!

Farewell Message For Seniors From Our Principal John Pierce

I am proud to have been your principal for these past four years and offer deep thanks to the class of 2005 for your strong presence at WHS. In our time together, we have witnessed enormous changes and formidable challenges. We entered the 21st century; shared the tragedy of September 11th, endured a building project with constantly changing classrooms and academic classes in the gymnasium; moved into a facility that was twice the size of the original; adjusted to a major turnover of faculty and administration; watched the student population rapidly increase; and wrestled with emerging issues of budget constraints, staff reduction, and large class size.

In the midst of all this, your class has consistently contributed to our meeting every adversity with a strong sense of cooperation and community. Your maturity, responsibility, and extraordinary achievements in every quarter of this comprehensive high school have advanced a legacy of excellence and provided an exemplary model for others who follow. This truth was clearly recognized by the visiting committee for re-accreditation who repeatedly commended the remarkable caliber of our senior led student body.

As you go forth to pursue your individual missions, carry the hopes and dreams that we have for each of you; and recognize the precious gift that life represents and pledge to use it well. May your promising futures be healthy, happy, and truly rich with meaning and satisfcation. Commit your minds to inquiry, your hearts to compassion, and your lives to the service of others.

Please know that long after you have forgotten us, wherever you are, and whatever you may do, we will be watching for you in this world.

The administration and faculty were extremely impressed at our school's high participation rate this year, even with the new activity fees. WHS has always been proud to have an active student body. However, we students would not be able to participate if it had not been for our wonderful advisors who stayed after school weekly to help out. We'd like to thank you all for your time and effort.

It's a wonder we're ever able to fit a whole year into less than 200 pages. And what a year it's been: waiting for DJ's, rummaging around for lights, interrogating the office and tech staff. But we did it! We'd like to thank Tara for putting up with all of our antics and Ms. Shevory for letting it go. To the Clowns of '05, good luck, be daring, and don't forget to wear you running shoes even if you're not going out for a run. Enjoy...

Phew! Well that was a lot of hard work, but still a good time. I'd like to thank the staff, my fellow editors and Ms. Shevory this year for putting in so much time and effort! I hope everyone likes and appreciates the yearbook, especially the awesome and incredible Class of 2005! I wish all seniors the best of luck in the years to come, and hope you all find happiness wherever life takes you... remember to have a good time! :)

Your children are not
your children.
They are the sons and daughters
of Life's longing for itself.
They came through you but not
from you,
And though they are with you yet
they belong not to you.

You may give them your love but
not your thoughts.

You may house their bodies but
not their souls,
For their souls dwell in the house
of tomorrow, which you cannot
visit, not even in your dreams.
You may strive to be like you.
For life goes not backward nor
tarries with yesterday.
You are the bows from which
your children as living arrows are
sent forth.
